Travel policy: For destination weddings, the client is responsible for all necessary travel related expenses. I will make my own arrangements (flight, hotel, ground transportation) and will make every effort to minimize those expenses. Once approved, they will be added to the final payment.

To book: A 30% retainer is required to secure the date along with an agreement that must be signed by all parties. For destination weddings, any the cost of any non-refundable expense (i.e. flight) is also due at contract signing. The remaining 70%, plus any additional services and/or travel expenses (if applicable), is due one week before the wedding.
